Welcome to Arvida Good Friends

We support older New Zealanders to live successful, independent lives on their own terms. Our private membership options support you with:

- Help around the house and garden; companionship; or personal and nursing care; with friendly, consistent and highly qualified helpers who come at the time you want.
- Transport to outings, appointments and into the city. Never have to park again!
- Your own Living Well Centre – with activities, classes, exercise, hair, nails and beauty, café and events, as well as allied health services. Do things you enjoy, connect with friends and meet new people.

Choose any or all of these services through a subscription plan that works for you. With Arvida Good Friends membership plans, you are in control.

*Only in Christchurch,
coming soon in
other centres.*

How membership works

All our membership plans have weekly subscription fees and then we charge flat fees for transport rides and fixed hourly rates for any help services you choose.

You set up an account and pay by secure direct debit or credit card.

Our base **Living Well Membership** is just \$5 per week. From there, you can easily add other plans as you need them.

All our prices include GST and there are no hidden extras. If you want to use our easy smartphone app, you and your family can see how much you are paying each week. Otherwise, we'll email you.

As with all good friendships, it takes time to get to know one another, therefore, all our membership plans are for a minimum of six weeks.

It all begins with Living Well
